

PacBio to Participate in the Morgan Stanley 20th Annual Global Healthcare Conference

September 7, 2022

MENLO PARK, Calif., Sept. 7, 2022 /PRNewswire/ -- PacBio (NASDAQ: PACB), a leading developer of high-quality, highly accurate sequencing solutions, announced today that it will be participating in the upcoming Morgan Stanley 20th Annual Global Healthcare Conference in New York, New York.

Members of PacBio's management are scheduled to participate in a fireside chat on Wednesday, September 14 at 1:30 p.m. Eastern Time. The live webcast can be accessed at the company's investors page at investor.pacificbiosciences.com. A replay of the webcast will be available for at least 30 days following the presentation.

About PacBio

Pacific Biosciences of California, Inc. (NASDAQ: PACB) is a premier life science technology company that is designing, developing and manufacturing advanced sequencing solutions to help scientists and clinical researchers resolve genetically complex problems. Our products and technology under development stem from two highly differentiated core technologies focused on accuracy, quality and completeness which include our existing HiFi long read sequencing and our emerging SBB™ short read sequencing technologies. Our products address solutions across a broad set of research applications including human germline sequencing, plant and animal sciences, infectious disease and microbiology, oncology, and other emerging applications. For more information, please visit www.pacb.com and follow @PacBio.
